Deploy’s CEO, Dong Shim comments, “We are very pleased to have raised CDN \$5,488,369 to date which currently satisfies a material condition precedent to the closing of the Acquisition of Nevada Medical Group by raising and exceeding the minimum of US \$4,000,000 (\$CDN equivalent today - \$5,080,000). The Company wishes to thank all investors for their ongoing support as we continue through the Acquisition process. The Company anticipates raising additional funds through future tranches prior to the closing of the RTO.”

The RTO is subject to a number of conditions precedent, including CSE approval. The minimum financing requirement of US \$4,000,000 pursuant to the terms of the RTO is calculable on closing of the RTO, and as such, the exchange rate as at the date of closing remains unknown.

For more information on the terms of the finders fees please see the Company's news release dated August 15, 2017.

All securities issued pursuant to the Offering, including the Underlying Securities and all shares issuable pursuant to the exercise of Compensation Warrants, will be subject to a four month and one day hold from the date of issuance of the Subscription Receipts.

The Company will use the net proceeds of the Offering to complete the RTO and for general working capital purposes of the resulting issuer.
